FIXER-UPPER

HOUSEMATE

By Jessica Elliott

Think of **Waterside Home Maintenance Concierge** as your motivated, live-in S.O. without the baggage: The new Dallas-based white-glove service covers everything from home maintenance and handyman tasks to more elaborate to-dos spanning from seasonal paint touch-ups to pre-party cleaning. Loose doorknob? Pantry in need of an overhaul? Master closet that could use a face-lift? Check, check, check. That honey-do list will at long last be handled. Designed for fine homes and estates starting at 4,500 square feet, plans include monthly and more extensive quarterly inspections to ensure all appliances, systems—even light bulbs and filters—are up to par, along with coveted lock-and-leave services. (Skip town for the summer and you'll get regular check-ins complete with mail collection, lighting adjustments and emailed reports.) Plan to shell out up to \$800 per month for regular visits and lock-and-leave coverage; red-carpet amenities and renos cost more. Worth it for a jack-of-all-trades handed to you on a gilded platter. watersidehmc.com
